

\$468,000 - 133 Ne Walton, Fort Walton Beach

MLS® #1009276

\$468,000

4 Bedroom, 4.00 Bathroom, 2,406 sqft

Detached Single Family on 0.28 Acres

BAYSHORE PARK UNIT 3, Fort Walton Beach, FL

Welcome to 133 Walton Drive NE, a spacious and exceptionally well-maintained all-brick residence situated on a beautiful corner lot in Fort Walton Beach. Built in 2005 and offering approximately 2,406 square feet of heated and cooled living space, this single-story home combines substantial construction, generous room sizes, and an impressive collection of major system improvements designed to provide comfort, reliability, and peace of mind.

Inside, the home is bright, clean, and highly functional, with an open connection between the kitchen, dining, and primary living areas. The kitchen offers extensive natural-wood cabinetry, abundant countertop and storage space, a gas cooktop, built-in wall oven, stainless-steel appliances, and a wide pass-through overlooking the adjoining living area. A separate dining space provides plenty of room for everyday meals or larger gatherings and features convenient access to the outdoor patio through sliding glass doors.

Multiple living and flex spaces give the home valuable versatility. In addition to the spacious main living room, the floor plan provides room for a home office, media area, guest accommodations, hobby space, or additional sitting areas. The bedrooms are notably generous, offering excellent natural light and ample room for substantial furniture. The primary suite provides an especially spacious

retreat, while the bathrooms include tiled surrounds, generous vanity storage, a soaking tub, and a separate walk-in shower. A dedicated laundry room with upper cabinetry adds additional convenience and storage.

The exterior presents beautifully with full-brick construction, mature landscaping, and maintained St. Augustine grass supported by a fully operational irrigation system. The expansive driveway and side carport provide abundant parking and flexibility for vehicles, recreational equipment, or covered storage. Its prominent corner-lot placement gives the property an attractive street presence and a more open, spacious setting.

Major improvements and infrastructure are among the home's strongest advantages. Per the seller, the property features a 2025 five-ton HVAC system with both interior and exterior units replaced, a 2022 water heater, a 2022 dimensional-shingle roof with a 30-year rating, and a whole-home generator installed in 2015. Additional features include storm shutters, copper wiring, PVC plumbing through the main and home lines, and a yearly termite bond. Together, these improvements address many of the major ownership concerns commonly associated with older homes in the surrounding area.

133 Walton Drive NE offers a compelling combination of size, durability, thoughtful maintenance, and practical living space. With its strong mechanical systems, flexible floor plan, spacious rooms, attractive grounds, and desirable corner-lot setting, this property is well suited for buyers seeking a dependable home with plenty of room to live, work, entertain, and grow.
