Detached Single Family on 0.10 Acres

HARRISON'S WALK, Panama City Beach, FL

There is a certain ease to life when the beach is just a short walk away, when mornings begin with salt air and evenings settle into a quieter rhythm. This four-bedroom residence in Harrison Walk offers that balance, pairing everyday comfort with a location that keeps the best of Panama City Beach within easy reach.

Inside, the home unfolds across approximately 2,300 square feet with a layout designed for both gathering and retreat. Ten-foot ceilings elevate the main living spaces, where natural light moves easily through an open-concept design. The first-floor primary suite introduces a sense of privacy and convenience, while three additional bedrooms upstairs provide flexibility for guests, family or a dedicated workspace. Recent updates, including fresh interior paint and new carpet in all bedrooms, create a clean and welcoming backdrop. Finishes throughout feel thoughtfully selected, offering a step above what is often found at this price point and leaving room for a buyer's personal vision to take shape.

Curb appeal sets the tone on arrival, with a covered front porch and brick paver driveway creating a polished first impression. Beyond the home, a community pool adds a relaxed gathering space, while the absence of short-term rentals preserves a more residential atmosphere.

Positioned within walking or biking distance to the beach, the pier and nearby attractions like Shipwreck Island Water Park, this property offers both accessibility and a sense of calm. Priced with intention, it presents a compelling opportunity for a primary residence or second home in a location that continues to draw lasting interest.
