BLUE MOUNTAIN BEACH, Santa Rosa Beach, FL

556 Blue Mountain Road | Santa Rosa Beach
An Iconic Gulf-Front Estate on 30A

Rising from over 100 linear feet of pristine Gulf frontage and positioned more than 30 feet above sea level, this exceptional Blue Mountain Beach estate commands one of the most elevated and secure vantage points along Florida's coastline--set within the highest natural elevation in the state.

This is a rare offering where engineering, scale, and design converge.

Completed in 2019, the residence encompasses over 7,600 square feet of meticulously curated living space, featuring seven bedrooms and eight baths, each oriented to capture uninterrupted, panoramic views of the Gulf of Mexico. Walls of glass frame the horizon, immersing the interiors in natural light while seamlessly connecting indoor and outdoor living.

Constructed to an uncompromising standard, the home is supported by auger-cast concrete pilings extending 15 feet below sea level. A 100-foot reinforced seawall, anchored to the same depth, provides an extraordinary level of protection and long-term structural integrity--an increasingly rare and valuable asset along the

Gulf.

Architecturally, the three-story residence reflects a timeless coastal aesthetic elevated by superior craftsmanship. Hardie board siding, brick accents, and a standing seam metal roof create a refined yet enduring exterior presence. Inside, wide-plank hardwood flooring, fine tile, soaring ceilings, and expansive living spaces deliver both sophistication and comfort at scale.

Multiple living and dining areas are thoughtfully designed for both grand entertaining and private retreat, while a private elevator offers seamless access to all levels. Each bedroom suite serves as a secluded sanctuary, complemented by elegantly appointed baths.

Outdoors, a resort-style pool and expansive Gulf-front terrace create a private coastal enclave overlooking emerald waters and sugar-white sand. A dedicated boardwalk provides direct beach access, while the property's 100-foot width affords a level of space, privacy, and exclusivity rarely found along Scenic Highway 30A.

Set on approximately 0.30 acres and maintained to the highest standard, this residence represents a true legacy holding--defined by its elevation, engineering, and irreplaceable Gulf-front position.

556 Blue Mountain Road stands among the most significant and enduring properties offered on 30A.
