Detached Single Family on 2.00 Acres

SPRING LAKE ESTATES, DeFuniak Springs,
FL

If you've been searching for the kind of property that takes years to build, where the landscaping is already established, the infrastructure is already in place, and the lifestyle is already waiting, then 675 Spring Lake Rd is ready to deliver. Set on two lush acres in DeFuniak Springs' private Spring Lake Estates, this one-of-a-kind property offers access to a private 155-acre spring-fed lake, a studio apartment above the garage, and a curated outdoor living experience that simply can't be replicated overnight. Inside the 2,424-square-foot main home, an open floor plan creates easy flow through the main living areas. The kitchen is well-equipped with generous cabinetry, a pantry, and stainless appliances. Perfect for a quiet morning or a full dinner spread. Three bedrooms and three full bathrooms offer comfort and flexibility throughout, with a refreshed upstairs bath and a nicely appointed primary bath on the main level. Upstairs, a versatile loft adds another dimension to the floor plan and it could easily be enclosed and converted into a fourth bedroom to suit growing needs. The detached two-car garage comes with a bonus that sets this property apart: a fully functional studio apartment above it. Whether you envision it as a guest suite, a home office, long-term rental income, and art studio, or accommodations for extended family, this space functions as an effective fourth bedroom and fourth bath, adding layers of value that most comparable

listings simply don't offer.

Step outside and the property truly comes alive. Two acres of mature, established landscaping surround the home, with azaleas blooming abundantly throughout. It is a genuine sanctuary for anyone who craves serenity and to be surrounded by nature and the outdoors. Expansive front and back porches frame the home beautifully and invite long, unhurried evenings or quiet coffee time in the mornings. The on-site amenities speak for themselves: a dedicated picnic and grill area, a crackling fire pit, a charming greenhouse, and a carport with a pad already poured. This is the kind of infrastructure that typically takes years and significant investment to create but here, it's already done. As part of Spring Lake Estates, residents enjoy access to a private 155-acre spring-fed lake with a gazebo, dock, and boat launch at the gated community common area. A covered pavilion with picnic tables and restrooms rounds out the amenities that are accessible by key for homeowners. Low HOA keeps these resort-style amenities well within reach. Whether you're drawn to the water, the wildlife, the studio income potential, or simply the rare chance to step into an already-established outdoor lifestyle, this is the kind of property that rewards the buyer who recognizes it. Schedule your private showing today because this combination of a well-built home, acreage, mature landscaping, lake access, and on-site character doesn't come available often.
