ROSEMARY BEACH, Inlet Beach, FL

Tucked behind a graceful arched drive and lush courtyard, this Rosemary Beach home delivers the kind of refined privacy that feels like a true escape, whether you are living here full-time, spending seasons by the coast, or offering it as a high-end rental.

Crafted in 2015 by Benecki Homes, the residence blends Mediterranean elegance with modern livability and comes FULLY FURNISHED. Step inside to soaring eleven-foot ceilings, peacock paver floors, and rich architectural detail at every turn. The main level opens seamlessly to a private courtyard and a patio off the primary suite, complete with a tranquil water feature, while a climate-controlled two-car garage rests beneath a separate carriage house. Mediterranean influences continue throughout the property with hand-troweled Venetian plaster, wrought iron balconies, a recessed entry, and arched mahogany doors that frame the pool and courtyard beyond. Designed by Melanie Turner Interiors and featured in Atlanta Homes and Lifestyles, the interior reveals soft textures and a coastal sophistication that feels inviting and warm.

The kitchen is truly a showpiece, created for both chefs and entertainers. It features natural limestone counters, a Wolf range, dual Sub-Zero refrigerators, two Asko dishwashers, and beautifully tailored cabinetry. Gather around the oversized island or beneath the

statement candelabra in the dining space. A hidden bar with underlit shelving and a nearby wet bar keeps everything flowing with ease.

Two primary suites, one upstairs and one on the main level, each offer freestanding soaking tubs and walk-in showers that create a spa-like retreat. The home's Control4 smart system makes every detail intuitive, from lighting and sound to security and media.

Outdoors, the covered loggia invites both slow mornings and lively evenings. Enjoy the grand fireplace, the TV setup, and the sparkling heated saltwater pool just steps away.

All of this is set within Rosemary Beach, one of 30A's most coveted coastal communities where cobblestone streets, gas-lit walkways, and European-inspired architecture blend with the relaxed rhythm of the Gulf.
