PENTHOUSE LEVEL. CURVED BALCONY DESIGN. GULF-FRONT VIEWS.

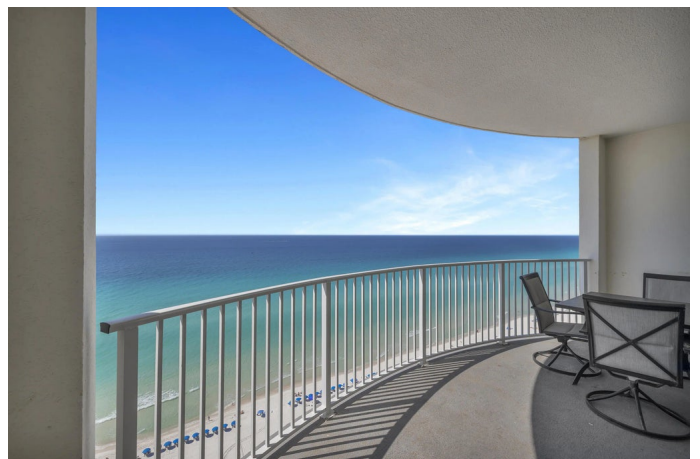

Twin Palms 2203 in Panama City Beach, Florida is a top-floor penthouse residence positioned within one of the most recognizable Gulf-front condominium buildings along Front Beach Road.

Located on the 22th floor with only a limited number of penthouse residences, this unit offers a more private setting and immediate access from the elevator, reducing hallway traffic and enhancing convenience for owners and guests.

A defining feature of this residence is the curved balcony design, where the outward radius extends beyond traditional linear layouts. This architectural detail creates a broader Gulf-facing perspective, allowing for a more expansive view line compared to standard stacked balconies. Twin Palms is located along Front Beach Road in Panama City Beach within the central beach corridor, near established destinations including Pineapple Willy's and the Thomas Drive area, providing convenient access to dining, retail, and coastal attractions.

Twin Palms 2203 represents a top-floor opportunity within a Gulf-front building that combines location, design, and amenity access in Panama City Beach.
