Outside is where the magic unfolds: a covered back deck overlooks the manicured, park-like backyard, above-ground pool, chicken coop, play area and firepit ringed with built-in swings. A 50' x 42' pole barn with a 42' x 14' concrete area, plus a 24' x 16' storage building, provide exceptional space for tools, toys and equipment. Historic charm, modern comfort and room to breathe--this is more than a house; it's a lifestyle. Step inside and this beautifully reimagined farmhouse begins to reveal what makes it special. The warm, light-filled living spaces pair the character of a farm home with thoughtful modern updates designed for today's lifestyle.

Gorgeous wood-planked flooring runs underfoot adding a rustic warmth throughout.

The massive living room is anchored by a semi-built-in fireplace framed in classic board-and-batten--the kind of inviting centerpiece you'll naturally gather around on cool evenings. The adjoining dining room offers plenty of space for holiday dinners, Sunday meals and easy entertaining.

Slide open the signature barn-style door and step into a kitchen that's as functional as it is beautiful. Rich granite countertops, a center island, generous storage, crisp updated cabinetry, classic subway-tile backsplash and gleaming stainless appliances create a space made for everything from quiet morning coffee to meals shared with family and friends.

The primary bedroom and two additional bedrooms provide restful retreats, while the updated bath brings a touch of everyday luxury with its tiled shower and new vanity.

One of the home's most delightful surprises is the bright, sun-drenched bonus room--a cheerful space that seems to invite you to stay awhile. Picture savoring your first cup of coffee as the day breaks, curling up with a good book on a lazy afternoon, or nurturing a collection of thriving houseplants in the natural light.

Whether you envision a sunny home office, peaceful reading retreat, playroom or simply a quiet place to unwind, this inviting room adapts effortlessly to the way you live. A large walk-in laundry room adds everyday convenience.

But the true magic is outside.

Step onto the covered back deck and look across a manicured, park-like backyard shaded by mature trees and surrounded by room to breathe. Cool off in the above-ground

pool on a summer afternoon. Gather fresh eggs from the chicken coop. Watch children make adventures of their own in the massive play area. Then, as evening settles in, gather around the firepit ringed with built-in swings beneath a starry sky.

With 1.10 level acres, there's space to roam, garden, play, entertain and simply enjoy being outside. And when it comes to storage and versatility, this property delivers in a big way. The impressive 50' x 42' pole barn includes a substantial 42' x 14' concrete area, offering tremendous possibilities for equipment, projects, hobbies, recreational toys and more. A separate 24' x 16' storage building provides even more room for the things that make country living easy.

Out front, the covered porch offers something increasingly rare: a place to simply slow down. Settle into a chair with a glass of sweet tea, listen to the quiet and watch the world go by.

And behind all that character is something equally important--peace of mind. Major improvements have already been completed, including new electrical panels, HVAC and a complete re-pipe in 2020, a 2021 water heater, durable metal roof, stainless appliances from 2020-2021 and a 2023 stove.

More than a house, this is a lifestyle--a place where historic farmhouse character, modern comfort and extraordinary outdoor living come together on more than an acre of your own. It's a home for morning coffee and summer swims, fresh eggs and garden rows, holiday dinners and evenings around the fire.

There's room here to gather, room to play, room to create and room to breathe.

Come see why this one doesn't just look like

home--it feels like home.
